INDEX TO VOLUME 141

A

Acidosis, Respiratory, During Anesthesia, Analysis of, 375
Adrenal Function in Combat and Wounded Soldiers, Studies of, 314
Amebic Abscess of the Liver, Treatment of by Open Surgical Drainage, 70
Amputation, Congenital, of the Forearm, 519
Anastomoses, Colon, Antibiotic Protection of, 707
Aorta, Coarctation of the, with Special Reference to the First Year of Life, 429
Aorta, Experimental Transplantation of the Complete Arch of, 38
Appendicitis, The Diminishing Mortality From, 749
Arterial Injuries in Battle Casualties, The Management of, 304
Arteries, Major, The Primary Repair of Wounds of, 297
Artery, Splenic, Aneurysm of, 268

B

Bacterial Flora of Battle Wounds at the Time of Primary Debridement, 369
Bacterial Flora of the Blood Stream in the Korean Battle Casualty, 366
Bile Duct, Common, Abnormalities of the, 589
Blood Loss, Operative Studies on a Practical Method for the Determination of, 53
Bone Formation in Upper Abdominal Scars, 621
Brain Abscess Associated with Pulmonary Arterio-Venous Fistula, 276
Brain, Prefrontal Lobe of the, Procaine Injection of the: Technic and Present Indications, 388
Burns in Man, Extensive, The Adrenocortical Response to, 175

C

Cancer, Experiences with the Use of Radio-Active Colloidal Gold in the Treatment of, 208
Cancer, Head and Neck, Combined Operation for, 469
Cancer in the Head and Neck, An Evaluation of Neck Dissection Associated with Other Radical Procedures for the Treatment of Duodenal Ulcer, 862
Cancer of the Stomach, "Advanced," Five-Year Survivors Following Pancreato-Spleno-Total Gastrectomy for, 62
Cardiac Tamponade, 437
Carcinoid Tumors of the Gastro-Intestinal Tract, 807
Carcinoma, Antral Gastric, A Critical Evaluation of Radical Subtotal Gastric Resection as a Definite Procedure for, 830
Carcinoma, Asymptomatic Bronchogenic, 84
Carcinoma, Gastric, 185
Carcinoma of the Breast in Children, 792
Carcinoma of the Breast, The Role of Simple Mastectomy in Treatment of, 447
Carcinoma of the Pelvic Colon and Rectum, The Distal and Proximal Margin of, 693
Carcinoma of the Urinary Bladder, Accidental Surgical Transplantation of: a Case Report, 278
Cardiac Resuscitation, Successful, Despite Perforation of the Heart During Massage, 240
Casualties, Battle, Clinical Experiences in the Early Management of the Most Severely Injured, 285
Cecum, Diverticulitis of the, 251
Cholangiography, Operative, Indications for the Use of, 499
Choledochoampulotomy, Transduodenal, Results of, 607
Cirrhosis of the Liver and Bleeding Esophageal Varices, The Life History of Patients with, 10
Cirrhosis of the Liver, The Management of Bleeding Esophageal Varices Associated With, 637
Clinical Data, Deceptive Associations in, 567
Coronary Artery Disease, Operations for, 24
Cyst, Hydatid, Intrabiliary Rupture of, 263
Cysts, Abdominal Gas, Complicated by Intestinal Obstruction, 109
Cysts, Congenital, of the Lung, 944
Cysts, Pilonidal: An Analysis of Surgical Failures, 523

D

Diverticulitis, Complicated by Sigmoidouterine Fistula, 138
Diverticulitis, Hemorrhage as a Complication of, 674
Diverticulitis of the Cecum, 251
Duct, Common, Operative Injury to the, During Cholecystectomy, 747
Ducts, Parotid, Bilateral Ligation of the, to Prevent Salivary Incontinence, 414
Duodenum, Primary Diverticula of the, 193

E

Endometriosis in the Negro, 615
Esophagitis and Jejunitis, an Interposed Jejunal Segment Between the Esophagus and the Stomach Combined with Upper Gastrectomy in the Prevention of, An Experimental Evaluation of, 201
Esophagitis, Peptic, 627

F

Fat Necrosis, Disseminated Focal, Following Radical Pancreato-Duodenectomy for Acinous Carcinoma of Head of Pancreas, 556
Fractures of the Os Calcis, The Open Reduction of, 800

G

Ganglion Cells, Parasympathetic, Megaduodenum Resulting from Absence of, in Auerbach's Plexus, 527
Gastrectomy in Acute Gastroduodenal Perforations: Analysis of 112 Cases, 840
Gastrectomy, Refractory Symptomatic Prolapsed Gastric Mucosa Relieved by, 77
Gastric Mucosa, Refractory Symptomatic Prolapsed, Relieved by Gastrectomy, 77
Gastric Secretion Following Vago-Splanchnic and Splanchno-Vagal Anastomosis: Their Possible Clinical Implications, 853
Gastroduodenostomy (Finney-Von Haberer), Vagotomy, Hemigastrectomy and, in the Treatment of Duodenal Ulcer, 862
Gastro-Intestinal Tract, Carcinoid Tumors of the, 807
Glucose, Studies of the Absorption and Metabolism of, Following Injury, 321
Granuloma, Ileocecal Region, Due to Diverticula, 134

H

Hemigastrectomy, Vagotomy, and Gastroduodenostomy (Finney-Von Haberer) in the Treatment of Duodenal Ulcer, 862
Hemorrhage as a Complication of Diverticulitis, 674
Hemorrhage, Intracholedochal, 125
Hemorrhage, Severe Intestinal, Due to Leiomyoma of the Jejunum, 547
Hemostatic Response to Injury, The: A Study of the Korean Battle Casualty, 347
Hepatic Function Following Wounding and Resuscitation with Plasma Expanders, 357
Hepato-Biliary Ducts, Accessory, The Clinical Significance of, 120
Hernia, Incarcerated, Diaphragmatic, A Case of, 273
Hernia, Internal, After Gastrectomy, 759
Hormone, Growth: Editorial, 426
Homeostasis, Circulatory, Following Massive Injury, Studies of Vasodepressor and Vasoexcitatory Substances in the Circulating Blood, 504
Hyperadrenalcorticalism, The Adenohypophysis and Hypothalamus in, 1
Hyperparathyroidism, Primary, 722
Hypertensive Response to Injury, 327

I

Ileostomy Prolapse, Recurrent, 95
Intestinal Obstruction Resulting From Malrotation of the Intesine, 765
Intestine, Small, Stenosis Caused by Infarction, 254
Intramedullary Pinning, Reconstruction of the Lower Jaw with, 105
Ischemic Necrosis as a Result of Rectal Ulceration, 563

J

Jejuno-Gastric Intussusception Following Gastro-Enterostomy and Vagotomy, 541

L

Leiomyosarcoma of the Jejunum, with Two Case Reports and a Review of the Literature, 799

Letter to Editor, 571
Lung, Arterio-Venous Fistula of the, 417
Lung, Congenital Cysts of the, 944
Lung, Primary Malignant Neoplasms of the, 457

M

Malanin Spots: Diagnostic Significance in Polyposis, 664
Meckel's Diverticulum, 819
Melanoma, Malignant, 901
Mesenchymoma of the Liver, Primary, Right Hepatolobectomy for, 246
Mesenteric Artery Embolism, An Unusual Sequel of, 254
Mitral Insufficiency, The Surgical Treatment of: The Fate of a Vascularized Transchamber Intracardiac Graft, 510
Mitral Regurgitation, The Estimation of the Severity of, 47
Mitral Stenosis, Indications and Contraindications for the Surgical Treatment of, 686
Mortality Following Ligation of the Anterior Descending Branch of the Left Coronary Artery in Dogs, 443

N

Nutrition Studies in the Severely Burned, 589

O

Os Calcis, The Open Reduction of Fractures of the, 800

P

Plasma Amylase Activity in the Combat Casualty, 337
Pneumonia, Lipoid—Adult Type, 940
Polyposis, Intestinal, Syndrome of, with Melanosis of the Lips and Buccal Mucosa, 129
Polyps of the Large Bowel, 234
Portal Caval Anastomosis in Infants, 648
Presidential Address: What's Wrong With Pelvic Surgery?, 573
Prostatic Annular Constricting Lesion of the Rectum: A Diagnostic Challenge, 91

R

Reconstruction of the Lower Jaw with Intramedullary Pinning, 105
Rectal Ulceration Due to Ischemic Necrosis, 563
Rectum, "Paraffinoma" of the, 536
Resections and Lobectomies, Segmental, Comparative Study of, 87

S

Sacrococcygeal Chordoma, 952
Sarcoidosis, Gastric, 115
Secretion, Gastric and Salivary, Following Injury, 342
Spine, Cervical, The Clinical Manifestations of Spondylochondrosis (Spondylosis) of the, 872
Splenic Flexure, The McWhorter Transverse Incision for Exposing the, 718
Spondylochondrosis (Spondylosis) of the Cervical Spine, The Clinical Manifestations of, 872
Struma Lymphomatosa (Hashimoto's Thyroiditis), 737
Surgical Endocrinology, Studies in, 145
Surgical Experience, The Transfer of, 283
Sympathetic Trunk, An Analysis of the, and Communication Rami Sympathetic Roots and Visceral Rami in the Lumbar Region in Man, 398

T

Thrombosis, Internal Carotid, Surgical Treatment of, 218
Tissue Sensitivity to a New Liquid Surgical Dressing, 281
Tracheo-Esophageal Fistula Due to Blast Injury, 98
Tuberculosis, Pulmonary, Resection for, 87
Tumor, Vagal Body, 488

U

Ulcer Duodenal Gastroenterostomy and Vagotomy in the Treatment of, 482
Ulcer Duodenal, Vagotomy, Hemigastrectomy and Gastroduodenostomy (Finney-Von Haberer) in the Treatment of, 862
Ulcers, Stasic: An Evaluation of the Effectiveness of Three Methods of Therapy, and the Implication of Obliterative, Cutaneous Lymphagitis as a Credible Etiologic Factor, 577

V

Vagotomy, Hemigastrectomy and Gastroduodenostomy (Finney-Von Haberer) in the Treatment of Duodenal Ulcer, 862
Varices, Bleeding Esophageal, 10
Vena Cava Ligation, Inferior, Indications and Late Results of, 653

W

Weight Changes After Trauma, The Significance of: Editorial, 141
Weight Loss, The Rate of Body, Following Surgical Stress of Uniform Intensity, 383
